

Logix Guru recognized among the elite tech companies

Logix Guru is honored to announce its recognition as a finalist for the prestigious 2023 Tech 50 Awards, in the highly competitive “Solutions Provider- Services” Category, presented by the Pittsburgh Technology Council.

The nomination stands as a resounding testament to Logix Guru’s relentless pursuit of unparalleled services and driving continuous progress. Our dedication to excellence is unwavering and this acknowledgement fuels our determination to provide cutting-edge digital and staffing solutions consistently.

Since its inception in 1997, the Tech 50 Awards has been a beacon, recognizing and celebrating the fastest-growing and most innovative technology companies, tech-intensive service providers, and visionary CEOs in the Pittsburgh region.

Ravi Ajmani, our esteemed COO & EVP expressed his gratitude for this recognition stating, “We are deeply honored to be counted among the best in the region. This validation underscores our commitment to robust processes, innovative solutions, and the unwavering dedication that we bring to our employees and clients. As a cohesive team, Logix Guru consistently delivers high-quality, responsive solutions in the Digital Engineering and Staffing space.”

Ravi further emphasized Logix Guru’s client-centric approach affirming, “We do not believe in pushing one solution to all our customers. Our customers are on their unique journey trying to solve their unique set of problems and challenges. Logix Guru’s approach is to actively listen to our customers to unearth the opportunities where we can collaborate to bring tailored solutions to address their individual needs”

Audrey Russo, President and CEO of the Tech Council highlighted the significant impact of innovators like Logix Guru stating, “Our innovators are spearheading breakthroughs across multiple industries, contributing \$27 billion to our regional payroll. Tech 50 is a night to celebrate these achievements and share the inspiration. Pittsburgh’s heartbeat of innovation is rooted in a legacy of builders who've fueled the engines of every great American economic revolution ever to come to pass. Tech 50 winners and finalists aren’t merely passengers on Pittsburgh’s journey into the future; they are the builders of that future!”

Logix Guru is honored to be a part of this illustrious group of technology trailblazers and to share our vision as we continue to shape the future of the tech world.

We wholeheartedly thank the Pittsburgh Technology Council and the Tech 50 Awards for acknowledging our contributions.
