Conditions for payment will be set forth in the final contract. The District reserves the right to extend contracts on a year-to-year basis.

## BACKGROUND

The School District exists as a body corporate and political subdivision, and a separate and independent home rule school district of the first class, established in Article XII of the Philadelphia Home Rule Charter, 351 Pa. Code, § 12.12-100 *et seq.*, under the authority of the First Class City Public Education Home Rule Act, Act of August 9, 1963, P.L. 643, codified at 53 P.S. § 13201 *et seq.*

A nine (9) member Board of Education (the "Board") governs the School District. The Board exercises all powers and duties of a board of school directors under the Pennsylvania Public School Code, including those applicable to school districts of the first class. The School District functions under the School Code, 24 P.S. § 1-100 *et seq.*, (the "School Code") and provides the full range of education services contemplated by statute. These include general, special and vocational education at the elementary and secondary levels, as well as related supportive services. The School District also provides preschool services in response to the needs of the community. The School District employs approximately 17,000 employees at over 225 locations, including more than 200 schools, and 3 administrative sites.

The School District now enrolls over 125,000 students and serves a total of approximately 200,000 students City-wide, including charter school and nonpublic students.

The Superintendent, Tony B. Watlington, Sr. Ed. D., serves as chief executive of the School District. ## APPENDIX A: SCOPE OF SERVICES

The Office of School Safety seeks to deploy an Alyssa's Law-compliant solution to serve all School District schools. Currently, School District has 221 Schools and one (1) central administrative building, and approximately twenty (20) additional non-instructional properties, such as garages and field houses.

The School District has tested an Alyssa's Law-compliant technology solution at two (2) schools. The School District has no existing enterprise solution for a School District-wide Alyssa's Law-compliant technology solution. Through this request for proposal, the School District seeks to initiate, deploy, and operate an Alyssa's Law-compliant solution for the duration of the five (5) year period of the initial project, with additional options to extend.

### A. Minimum System Requirements

1. Each school building must be equipped with a panic alert system for use in a school security emergency.
2. The panic alert system must be directly linked to local law enforcement agencies designated as first responders to the school site.
3. The panic alert system must immediately transmit a signal or message to local law enforcement authorities on activation.
4. The panic alert system must provide a silent security system notification generated by the manual activation of the system.
5. There should be customizable levels of alerts such that individuals could trigger an alert that goes just to internal supports or an alert that goes straight to local law enforcement

### B. System Design

1. A wide range of technology solutions can be deployed to meet the specified minimum requirements (wired or wireless buttons, badges, mobile or computer-based software applications, etc.). The School District welcomes proposals for any solution that meets the system minimum requirements.

### C. Additional Functionality

1. If proposers' systems offer additional functionality beyond the minimum requirements the proposal should clearly state this, explain the additional functionality and its potential advantages and use cases.
2. If these features are optional or come at any additional cost the proposal should clearly detail these options and all related costs.

### D. Installation, Deployment and Ongoing Support

1. For system deployment during the installation phase for all schools and the first year of system operation, the School District seeks proposals that provide robust implementation and technical support appropriate to the proposed solution. The proposal should provide a high level of detail related to this support for installation and roll-out, and provide all related costs.
2. The proposal should clearly explain how the system is deployed and installed, and what, if any, physical installation elements are required.
3. Proposers should specify ongoing annual technical support and all related costs. If there are tiers or options for such annual technical support with varying costs the proposal should clearly state this.

### E. Training

**H. Pricing**

Proposers should provide a comprehensive budget that details all costs related to the:

- establishment and deployment (initial rollout);

- IN ADDITION to **IT Technology Specifications** please ensure that any devices deployed that require the use of the District's network make note of the following additional requirements.
  - Connectivity should work over layer 2 and layer 3 modes of connectivity.

## APPENDIX E: Business Diversity in the Procurement of Materials and Contracted Services

The School District, under the governance of the Board, seeks to ensure equal opportunity in all contracts let by the School District. To meet this goal, the School District issues this RFP under Board of Education Policy 612: *Business Diversity in the Procurement of Materials and Contracted Services* (for the purposes of this Appendix, the “Policy”). The Policy’s fundamental requirements include the mandate that all contractors serving the School District provide a full and fair opportunity for the participation of Minority and Women-Owned firms and other disadvantaged enterprises (“MWBEs”) in the performance of the **Contract**. The ranges of participation established by the School District represent meaningful and substantial participation for this work, based upon the availability of bona fide MWBE firms. The range of participation for this RFP is as follows:

### MWBE Range: BEST EFFORTS

The School District may amend or adjust this range of participation. The School District will announce changes, if any, at the Pre-Proposal Conference, *see* Appendix B, to this RFP, and will also post any changes to the MWBE range on the Procurement Services website:  
<https://www.philasd.org/procurement/>.

The School District has contracted with the Office of Economic Opportunity (“OEO”) of The City of Philadelphia to establish ranges of participation for RFPs and other procurements, which serve as a guide in determining each Proposer’s responsibility and responsiveness. These ranges represent the percentage of MWBE participation that a contractor should attain in the available market, ready and able to provide the services required by the procurement, absent discrimination in the solicitation and selection of these businesses. These participation ranges serve as a material guide in determining Proposer responsiveness and responsibility. These ranges are based upon an analysis of factors such as the size and scope of the RFP Work and the availability of certified MWBE’s to perform various elements of the Work. The School District has attached its **MWBE Participation Plan form and corresponding instructions to this RFP, below**. Proposers must carefully review and complete the Participation Plan. The School District considers submission of a Participation Plan with Proposals under this RFP to constitute a material element of responsiveness and responsibility. **Failure to submit a Participation Form can result in rejection of your Proposal.**

All questions about the Business Diversity in the Procurement of Materials and Contracted Services policy and compliance requirements should be directed to the **Office of Small Business Development at (215) 400-4380 or via email through [smallbusiness@philasd.org](mailto:smallbusiness@philasd.org)**.

**Board of Education Policy 612: *Business Diversity in the Procurement of Materials and Contracted Services*** applies to all School District and Intermediate Unit contracts, as designated by the School District and approved by the Board, including but not limited to, contracts for the design, development, construction, operation and maintenance of school buildings and other buildings and structures owned, leased or used by the School District or its contractors, assignees, lessees and licensees (the “Facilities”); contracts for professional services and contracts for the purchase of goods, services, supplies and equipment for the School District and the Facilities. Through adoption and implementation of the Policy, the School District seeks to achieve the objective of better promotion of prime contract and subcontract opportunities for MWBEs, as approved by the School District or certified by the OEO, Southeastern Pennsylvania Transportation Authority (“SEPTA”), or any other certifying agency designated by the School District in its discretion.

The Policy fundamentally requires that all contractors, vendors and consultants who contract with the School District, satisfy the School District that they shall: (i) not discriminate in contravention of any Applicable Law; and (ii) provide a full and fair opportunity for the participation of MWBEs in the work under School District contracts. Contractors must demonstrate “meaningful and substantial” participation

by MWBEs in all phases of a contract, under criteria adopted by the School District. “Meaningful and substantial” means the range of participation that reflects the availability of bona fide MWBEs for the work in the Philadelphia Metropolitan Statistical Area. The School District measures participation in the actual dollars received by MWBEs.

“Minority” as used in this Policy, means:

Black American, *i.e.*, all persons having origins in any of the Black African racial groups;

Hispanic/Latino American, *i.e.*, all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin;

Asian Pacific Island American, *i.e.*, all persons having origin in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands; and

Native American, *i.e.*, all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification.

## **A. Procedures for Implementation**

### **1. Articulation of the Policy, Staffing and Reporting**

The School District Office of General Counsel and the Procurement Services’ Office of Small Business Development have developed this language for the RFP (the “Solicitation Language”), in order to set forth clearly the objectives of the Policy. School District employees shall include this Solicitation Language in all RFPs and similar procurements, *e.g.*, RFPs. The School District shall publicize and articulate the Policy to the public in general, and to each Person, Proposer, bidder contractor, lessee or licensee doing business with the School District.

The School District may employ additional staff or contract with other public or private entities to assist in the implementation of the Policy. School District staff shall provide the Board with quarterly reports on the levels MWBE participation in all contracting activities.

### **2. Promotion of MWBEs**

The School District recognizes the importance of having meaningful and substantial MWBE participation in all contracts. To that end, the School District shall take steps to ensure that it affords to MWBEs a fair and equal opportunity to participate. Those steps may include but are not limited to: (i) making public contracting opportunities; (ii) advertising in newspapers and periodicals published by community-based organizations and MWBEs; and (iii) designing RFP packages in such a way as to promote rather than discourage MWBE participation.

### **3. Contracting Requirements**

Prior to the dissemination of any RFP or other form of public solicitation (a “Solicitation”), the School District shall determine the projected range of MWBE participation in the Work procured (the “Participation Range”), and may include this information, along with the names and addresses of bona fide MWBEs potentially available for contracting or joint-venture opportunities with the Solicitation. Each Proposer shall submit with its Proposal or other form of response: (i) a plan that meets the Participation Range set forth in the Solicitation and lists the names, addresses, dollar amounts and scope of work delegated, subcontracted or otherwise allocated to the MWBE to carry out (the “Participation Plan”); or (ii) a brief narrative explaining its reasons for not submitting a Plan which meets the Participation Range set forth in the Solicitation. Submission of the Participation Plan is an element of responsiveness and failure

to submit a completed Participation Plan or a narrative explaining the reasons that the Participation Ranges could not be met may result in the rejection of a Proposal, bid or other form of response. If the Participation Range in a Proposal, bid or other form of response meets or exceeds the level determined by the School District as meaningful and substantial, the School District shall presume the Proposer's Proposal complies with the Policy. If, however, the proposed Participation Range falls below the meaningful and substantial level, then the Proposer must prove to the satisfaction of the School District that it did not discriminate in the solicitation of potential subcontractors, joint venture partners or both.

#### **4. Sanctions**

The Parties shall incorporate the Proposer's Participation Plan as a part of each Contract between the School District and a Contractor, and the Proposer's Participation Plan shall be enforceable like any other contractual term, covenant or condition, in the manner set forth in the Contract. Sanctions for breach of a Participation Plan shall include, among others, suspension or cancellation of the Contract, and in some cases debarment from future contracting opportunities with the School District.

### **PROPOSER RESPONSIBILITIES**

#### **THE POLICY**

The Policy seeks to provide equal opportunity for all businesses and to ensure that the School District does not use its funds, directly or indirectly, to promote, reinforce or perpetuate discriminatory practices. The School District is committed to fostering an environment in which all businesses freely, fairly and equitably participate in business opportunities, flourish without any impediments of discrimination, and participate in School District contracts and contracting opportunities on an equitable basis. In accordance with the contracting requirements of the School District, the Policy applies to RFPs for supplies, services & equipment, design & construction contracts, and contracts for professional services.

#### **CERTIFICATION REQUIREMENTS**

The School District shall credit toward participation ranges only firms certified by an approved certifying agency prior to RFP opening. Approved agencies include OEO, SEPTA, other state and city certification offices, State Departments of Transportation, the Small Business Administration, National and Local Minority Supplier Development Councils; National Association of Women Business Owners, and other identified certifying agencies approved by the School District.

#### **PARTICIPATION CREDIT**

MWBE subcontractors and manufacturers and suppliers of products are credited toward the participation range at 100%.

Proposers who utilize indirect contracting with MWBE firms to satisfy the participation range may do so, however indirect participation may not exceed twenty five percent (25.0%) of the requirement.

In order to maximize opportunities for businesses, the School District shall credit a firm certified in two or more categories toward only one participation range, e.g., as either an MBE or WBE, but not both. Proposers should note in their Proposal the category; MBE, WBE, or other, for which the Proposer seeks credit.

For an MWBE submitting as the prime contractor, the School District shall credit toward the participation ranges the value of its own work or supply effort.

In listing amounts committed to on the Participation Plan submitted as part of its Proposal, Proposers should list both the dollar amount and percentage of total RFP Compensation for each MWBE

commitment proposed. In calculating the percentage, Proposers may apply the standard mathematical rules in rounding off numbers. In the event of an inconsistency between the dollars and percentages listed on the Participation Plan form, the School District shall use and rely on the amount which results in the greater commitment.

## RESPONSIVENESS

Proposers must submit documentary evidence of MWBEs solicited by the Proposer and of those MWBE with whom the Proposer has made tentative commitments.

Proposers shall submit with their Proposals documentation of all Proposer solicitations of prospective MWBEs, regardless of whether tentative mutual commitments resulted, as well as all tentative commitments made prior to Proposal submission, on the document entitled "Participation Plan" form. If the Proposer has entered into a joint venture with a MWBE partner, the Proposer must submit a copy of the joint-venture agreement along with the Participation Plan form.

***The School District shall reject as non-responsive all Proposals from Proposers who fail to submit the required information on MWBE participation. Proposers should note that the School District shall credit toward the Participation Ranges only tentative commitments made prior to Proposal submission and listed on the Participation Plan form. Since the School District must ensure that all Proposers respond on equal terms, the School District shall reject as non-responsive a Proposal that indicates that the Proposer will make commitments after Proposal opening.***

Upon execution and delivery of a definitive Contract, the completed Participation Plan forms and accompanying documents regarding solicitation and commitments with MWBEs become legally binding as part of the Contract. A Proposer should only make actual solicitations of MWBEs whose work or materials are within the scope of the RFP Work. The School District shall not deem mass-mailing of a general nature as MWBE solicitation, but rather treat these mailings as informational notification only. Prospective Proposers should give all solicited MWBE firms a reasonable period of time to ensure that MWBEs can prepare their quotes adequately and diligently.

The Proposer's listing of a commitment with an MWBE as described on the Participation Plan form constitutes a representation that the Proposer has, prior to Proposal submission, made a tentative commitment to contract with the MWBE firm, on receipt of a Contract from the School District.

## PROPOSAL REVIEW

Upon receipt of Proposals for this RFP, the School District shall submit Proposer's Proposal for review to the School District's Office of Small Business Development ("SBD") to determine whether the Proposer has submitted a Proposal that meets the Participation Ranges for MWBE set forth in this RFP. If the Proposal meets these ranges, the School District shall rebuttably presume the Proposer to have met the requirements of the Policy.

Contractors shall maintain MWBE percentage commitments throughout the Term of the Contract; these percentage commitments shall apply to the total Contract value, *i.e.*, the Compensation, which shall include approved change orders and amendments. Any change in commitment, including but not limited to substitutions for the listed firm(s), changes or reductions in the work and/or listed dollar/percentage amounts must be approved by the School District.

## ACCESS TO INFORMATION

The SBD unit or its designee shall have the right to make site visits to the Proposer's place of business and job site, and to obtain documents and information from any Proposer, Contractor, Subcontractor,

supplier, manufacturer or other contract participant that may be required in order to ascertain Proposer responsibility and responsiveness. Failure to cooperate with the SBD unit in its review shall result in a recommendation to the School District user Department and RFP evaluation team that the School District deem the Proposer not responsible and reject its Proposal.

## **RECORDS AND REPORTS**

The Contractor shall maintain records relating to its MWBE commitments, *e.g.*, copies of subcontracts, joint venture agreement, correspondence, canceled checks, invoices, telephone logs; for a period of at least six years following acceptance of final payment. 24 P.S. § 5-518. The Contractor shall make these records available for inspection by the SBD unit and other appropriate School District officials.

The Contractor shall submit reports and other documentation to the School District as deemed necessary by the SBD unit to ascertain the Contractor's successful discharge of its MWBE commitments.

## **REMEDIES**

The School District deems the Contractor's successful compliance with the requirements of the Policy material to the Contract. Any failure to comply with these requirements constitutes a substantial breach of the Contract. The Contractor understands, acknowledges and agrees that in the event the School District determines that the Contractor has failed to comply with these requirements, the School District may, in addition to any other rights and remedies they may have under the Contract, any bond filed in connection therewith, or at law or in equity, exercise one or more of the following remedies:

- withhold payment(s) or any part thereof until corrective action is taken;
- terminate the Contract, in whole or in part;
- suspend the Contractor from participating in any future School District Contracts for a specified period; or.
- recover as liquidated damages, one percent of the Compensation under the Contract for each one percent, or fraction thereof, of the commitment shortfall. *Note:* the "Compensation", *i.e.*, the total dollar amount of the Contract, shall include approved change orders, amendments, and for requirements contracts shall be based on actual quantities ordered by the School District.

## **APPEAL PROCESS**

Appeal of any action taken under the Business Diversity in the Procurement of Materials and Contracted Services Policy state the clear reason for appeal and shall be made in writing to:

Throne Cropper, Deputy Chief, Procurement  
Office of Procurement Services  
The School District of Philadelphia  
440 N. Broad Street, Third Floor  
Philadelphia, PA 19130-4015

## PROCUREMENT VENDOR COMPLIANCE ACKNOWLEDGEMENT FORM

The Pennsylvania Public School Code authorizes the Board to adopt policies and procedures and to make rules and regulations to manage school affairs and fiscal well-being of the District, including with respect to competitive procurements and vendor responsibility. The School District of Philadelphia requires contracted vendors to comply with the policies and procedures adopted by the Board of Education. The School District of Philadelphia will maintain comprehensive records regarding the entire scope of the procurement process, post-award compliance, and administration of the M/WBE participation and compliance adherence process.

I, \_\_\_\_\_ {*Company Name*}, do hereby acknowledge and agree to the following:

1. I have read, carefully reviewed this Invitation for Bid (IFB), RFQ, or RFP and understand the benchmarks and measurements to achieve diversity goals as outlined for M/WBE Participation. Board of Education Policy [612 Business Diversity in the Procurement of Materials and Contracted Services](#) further outlines Business Diversity Goal requirements.
2. I understand that the completion and submission of the M/WBE Participation Plan Form and the supplementary documentation to support if applicable is an element of responsiveness to this IFB, RFQ, or RFP. Failure to submit this documentation with the proposal and/or evidence of Good Faith Efforts will result in rejection of the IFB, RFQ, or RFP.
3. If awarded a contract, I understand and will comply with all contract monitoring, compliance, and enforcement guidelines, including but not limited to recordkeeping and ongoing reporting on contract diversity outcomes that offer the maximum practicable opportunity for qualified and certified M/WBEs and other disadvantaged enterprises to participate throughout all phases of the contract and any subsequent contract amendment. Such as:
  - Monthly and Quarterly post-award compliance reporting via the School District of Philadelphia Oracle Supplier Compliance System to ensure that the vendor meets diversity participation commitments and other contract requirements.
  - Ongoing monitoring of prime contractors' payments to M/WBEs and other contractors utilized through payment reporting and acceptance of payments by sub-contractors.
  - Participating in ongoing training related to vendor compliance and reporting requirements.
4. I understand that non-compliance with vendor compliance reporting and/or diversity participation commitments throughout the life of the contract may result in any of the following events, including but not limited to: withholding of payments, contract termination, suspension, disqualification, debarment, or other sanctions and penalties for failure to comply.
5. I agree to conduct business with the highest levels of ethical standards and agree to comply with all applicable requirements at all times.

**Receipt and Acknowledgement**

By signing below, I agree that I have read both this acknowledgement statement and the referenced policies in their entirety. I understand that I am subject to these policies whether or not the acknowledgement form is signed. Lack of confirmation of receipt of the acknowledgement form does not exempt a vendor or contractor from Board policy enforcement.

## APPENDIX F: THE COMPETITIVE PROCESS

### **RFP Terms.**

The competitive process set forth in this RFP, if successful, results in the execution and delivery of a definitive, legally binding contract, under which the School District engages a Proposer as Contractor to carry out the Work as set forth in the Contract, including, generally, this RFP and the Proposal.

This Appendix F sets forth the terms and conditions applicable to the overall competitive RFP process. Please review this Appendix carefully in order to understand both the rights of the School District and the duties of all Proposers.

**Non-Commitment.** The issuance of this RFP does not commit the School District to any award of a Contract or Contracts.

### **Reservation of Rights; Modification.**

The School District reserves the right to supplement, amend or otherwise modify this RFP at any time prior to or after the selection of a Proposer to enter into contract negotiations or a Contract. Subject to the School District's reserved rights under this Section, if the School District determines to modify this RFP (in response, for instance, to a question or inquiry), the School District will issue an Addendum to this RFP. If the School District issues an Addendum to this RFP, the School District will send a copy of the Addendum to all Persons then involved in the completion of the RFP process.

In addition, the School District reserves the rights, in its sole discretion: (a) to accept or reject, at any time prior to the School District's execution of a Contract in connection with this RFP, any or all Proposals or any part of any Proposal submitted in response to this RFP; (b) to waive any defect or defects, including but not limited to a material defect, or technical omission or error; or (c) to advertise for new Proposals where School District, in its sole discretion, determines that the acceptance, rejection, waiver or re-advertisement would be in the best interests of the School District.

Further, the School District reserves the right to reject any Proposal which the School District, in its sole discretion, finds incomplete, obscure, conditional, or unbalanced, or which contains irregularities of any kind, including alterations or erasures. The School District shall reject any Proposal which fails to comply with any of the other mandatory requirements of this RFP.

For the sake of clarity, the School District reserves the right to decline to issue an award or contract to any Proposer, to cancel this RFP at any time, to re-issue this RFP for any reason, and to advertise for new proposals on the same or modified terms and conditions, or any combination of these actions, in the School District's sole discretion. The School District reserves the right to negotiate all or any part of a Proposer's Proposal at or prior to the execution and delivery of a Contract.

**RFP Alterations.** The School District strictly forbids any alterations to the text or any file associated with this RFP in any way. Any alterations to any version of this RFP, if submitted by a Proposer to the School District, may result in the School District deeming your Proposal unresponsive.

**Submission of a Proposal.** A Proposer's submission of a Proposal constitutes the Proposer's covenant, representation and warranty to the School District of the truth and accuracy, in all material respects, of the

information set forth in the Proposal; the submission of a Proposal also constitutes the Proposer's acknowledgement that the School District reasonably relies on the contents of the Proposal in making its decision to award a Contract to the Proposer, or to negotiate the terms of a Contract with the Proposer.

**Limit on Communication.** From the date of the issuance of this RFP to the date of authorization to contract, the School District shall not permit any communication concerning this RFP between any prospective Proposers or their agent(s) and any School District staff or School District representatives, except as permitted and set forth in this RFP, see Appendix B, above. The School District expressly prohibits communication with School District staff or representatives, except as permitted and set forth in this RFP, see Appendix B, above. Any communication in violation of this provision shall not bind the School District, and violation of this provision by any prospective Proposer or Proposer or its agent constitutes grounds for immediate disqualification.

**Interviews, Oral Presentations.** The evaluation process may also include requests for additional information or data if, in the judgment of the School District, this could aid in completing a fair and accurate analysis. The School District reserves the right to request that one or more Proposers give oral presentations, demonstrations, or answer questions, or any or all three, about its Proposal, after receipt thereof, to clarify any aspect of its Proposal or to describe how the Proposer will accomplish any and all requirements. The School District shall advise the Proposer as to the time and place for any such oral presentation or presentations. The Proposer must make the presentation as requested, and should be prepared to discuss all aspects of its Proposal in detail. The School District anticipates that the typical oral presentation will require thirty (30) minutes for presentation and an additional fifteen (15) minutes for questions. Proposers must supply an email address and direct phone number of a contact person to permit efficient scheduling of presentations.

**Negotiations.** The School District reserves the right to negotiate all or any part of a Proposer's Proposal at or prior to the execution and delivery of a Contract. The School District reserves the right to negotiate unacceptable limitations or restrictions in an otherwise acceptable Proposal, and the right to reject such a Proposal. In the event that the School District and a Proposer cannot reach an agreement, the School District reserves the right to cut off negotiations with the Proposer at any time, and the right to negotiate a Contract with any remaining responsive and responsible Proposers, to decline to enter into any Contract or Contracts pursuant to this RFP, and to issue another RFP on the same, similar or altered terms, for some or all of the services contemplated by this RFP. The School District may negotiate with a Proposer or Proposers before or after the resolution passed by the Board, in any manner the School District or the Board, in their sole discretion, deem fit. No Person or Proposer shall have any rights against the School District arising at any stage of the RFP process from any negotiations that may take place.

**Board Authorization.** After the School District has reviewed all Proposals and interviewed Proposers of its choosing, if applicable, the School District anticipates seeking Board approval to authorize the School District to contract with one or more Proposers. The Contract or Contracts, if any, awarded pursuant to this RFP remain subject to due authorization hereafter by the Board of the School District.

**Duration of the Proposal.** A Proposal constitutes the Proposer's firm, fixed offer to enter into and perform a Contract with the School District for the Work described in this RFP and its Proposal, on the terms and conditions set forth in this RFP, in its Proposal, and in the form of Contract, that is, the Agreement for Services and School District Standard Terms and Conditions, and Federal Grant-Funded Agreements Contractor Requirements, if applicable; and Pennsylvania Department of Education Contractor Requirements, if applicable, or both, attached or linked in Appendix G, below.

In consideration of the School District's evaluation of the Proposer's Proposal, the Proposer hereby irrevocably covenants and agrees to hold open its Proposal as a firm, fixed offer to enter into and perform such a Contract with the School District for a period of at least one hundred eighty (180) calendar days commencing on the Proposal due date set forth in Appendix B, above. If the School District has not given notice to a Proposer of the School District's intent to either (i) execute and deliver a Contract with the Proposer on the terms and conditions set forth in this RFP, the Proposer's Proposal and the Contract set forth in Appendix G attached hereto, or (ii) enter into contract negotiations with the Proposer, within one

hundred eighty (180) calendar days from the Proposal Due Date set forth in Appendix B, above, then the Proposer may withdraw its Proposal by written notice to the Procurement buyer specified within Appendix B, and thereupon may thereafter decline to enter into a Contract with the School District pursuant to this RFP.

**Definitive Contract.** Proposers who submit a Proposal in response to this RFP agree to accept the School District's Agreement for Services, Standard Terms and Conditions, and applicable Federal and Pennsylvania Department of Education Contractor Requirements, set forth in Appendix G. The successful Proposer(s) shall enter into a definitive, formal written Contract with the School District. The Contract form constitutes a material part of this RFP and Proposers hereby acknowledge their receipt, comprehension and acceptance of the terms and conditions set forth in this Contract form. The School District requests that each Proposer indicate their acceptance of the Terms and Conditions and Federal and Pennsylvania Department of Education Contractor Requirements, if applicable, attached or linked in Appendix G.

The Contract shall consist of (i) the form of contract attached hereto as Appendix G, (ii) this RFP, (iii) Proposer's Proposal, and (iv) such other instruments as the School District and the Proposer may agree to. The Contract shall, among other things, (a) bind the Contractor to carry out the Work in conformity with the RFP and the Proposal forming part of the Contract; (b) require the Contractor to obtain criminal history record checks, both Pennsylvania State Police and FBI (with fingerprints), and a Pennsylvania Child Abuse History Clearance Report on all personnel and subcontractors who have direct contact with children; (c) bind the Contractor to a definite term of service and budget; (d) set forth terms and conditions governing accrual of fees and payment; (e) cap the Contractor's compensation; and (f) require the Contractor to maintain books, records, and acceptable accounting procedures regarding its costs, expenses, receipts and disbursements, and submit to audits by the School District and others.

Proposers must carefully review the form of contract attached hereto as Appendix G; the terms and conditions set forth therein constitute material terms and conditions for the Contract and the performance of the Work contemplated by this RFP. In general, the School District does not contemplate the need for substantial or material revisions to these Contract forms. In the event that a Proposer seeks to alter these legal forms, the School District requires that the Proposer clearly set forth in its Proposal any modification or modifications it seeks. The Proposer shall state its reason for each requested modification. Requests to modify these legal forms may constitute a negative factor in the School District's evaluation of a Proposal and may delay the definitive Contract.

**Proposer-Contractor Responsibility.** The successful Proposer-Contractor shall bear sole responsibility for meeting all terms and conditions specified in this RFP, its Proposal, and any resulting Contract.

**City of Philadelphia Tax Requirements.** Any vendor of goods, wares and merchandise, or purveyor of services, who has been awarded a Contract by the School District, will incur liability for payment of one or more of the following taxes; Mercantile License Tax, Net Profits Tax, City Wage Tax and General Business Tax. The successful Proposer, if not already paying one of more of these taxes, must apply to the City's Department of Revenue, Room 240, Municipal Services Building, 15th Street and John F. Kennedy Boulevard, Philadelphia, Pennsylvania 19107, for an account number, and file appropriate business tax returns as provided by law.

**No Defaults, Debts or Arrears.** The School District shall not make any award to any Person in arrears or in default with the School District, the City, or the Commonwealth of Pennsylvania upon any debt or contract, including any debt for any tax or taxes due, or who has failed to perform faithfully on any previous contract with the School District, the City or the Commonwealth.

**Proposal Costs and Ownership.** The School District shall have no liability for any costs associated with the development, preparation, transmittal or presentation of any Proposal or material submitted in response to this RFP. Each prospective Proposer responding to this RFP agrees that it shall have no claim of any nature whatsoever against the School District for any costs or liabilities incurred relating to or

in any way arising out of this RFP or in preparing and presenting its Proposal. The Proposal and all materials submitted in connection with this RFP shall become the property of the School District upon receipt by the Office of Procurement Services, and shall not be returned to the Proposer or Contractor. Regardless of the Contractor(s) selected, the School District reserves the right to use any information presented in a Proposal.

**Public Disclosure.** The information submitted by the Proposer, including statements and letters, remains subject to public disclosure as required by federal and other Applicable Law, including but not limited to the Pennsylvania Right-to-Know Law, 65 P.S. § 67.101 et seq. (“RTKL”). Prior to contracting, the School District shall disclose Proposals submitted in response to this RFP to the members of the Evaluation Committee only, unless otherwise required by Applicable Law. The potential need for negotiations, or for “best and final offers”, and the need to protect the integrity of the public procurement process, preclude general disclosure of this information until after the Contract award.

**Proposer’s Confidential or Proprietary Information.** The School District cannot guarantee the protection of any confidential or proprietary information provided by Proposer. The foregoing to the contrary notwithstanding, if a Proposer reasonably deems and properly designates any portion of its Proposal as containing its own trade secrets, copyrights, trademarks, service marks or other validly held intellectual property rights, then the School District shall receive and hold the properly designated portions of the Proposal as confidential to the fullest extent permitted by law, including the RTKL; shall use reasonable diligence to preserve the confidential nature of the pertinent portions of the Proposal; shall use reasonable diligence to protect and preserve the Proposer’s valid legal rights therein; and shall give the Proposer or Contractor reasonable notice of any legal proceeding that the School District believes may compel the production to a third party of any portion of the Proposal which the Proposer has reasonably deemed and properly designated as containing its own trade secrets, copyrights, trademarks, service marks or other validly held intellectual property rights. If the School District has already made payment for that item or items, the School District may, by notice to the Contractor, require the Contractor to refund promptly to the School District the amount of any such overpayment, or the School District, at its option, may set off such overpayment against any payments accruing thereafter to the Contractor under this Contract or any other contract between the Parties.

### 4. *The Contractor’s Duties Concerning Taxes and Other Obligations.*

a. *Tax Policy.* The School Reform Commission (the “Commission”) by its Resolution SRC-2, dated February 21, 2013, adopted its Tax Compliance of Vendors Policy (the “Tax Policy”) for School District vendors, including the Contractor. iii. The Contractor shall promptly pay and otherwise promptly and diligently comply with and carry out its duties and obligations under any such settlement agreement, payment plan, or other documentation with the City or the Commonwealth until it has discharged its obligation to the City or the Commonwealth by satisfying any such tax or other indebtedness or obligation.

iv. The Contractor shall promptly pay all uncontested taxes and other indebtedness or obligations to the Commonwealth and the City.

c. *The Contractor's Taxes, etc. – School District Set-Off.* The Contractor agrees that the School District shall have the right to set off against, to withhold payment of, or any combination of the these options as the School District sees fit, any and all Compensation accruing and payable to the Contractor under this Contract or any other contract, in order to provide for and assure the payment by or on behalf of the Contractor of any and all sums of taxes or other indebtedness or obligations then lawfully due and owing by the Contractor or any Person controlling, controlled by, or under common control with the Contractor to either the City or the Commonwealth. Each Party shall have the right to rely on certificates and other official documents provided by either the City or the Commonwealth in proceeding to withhold or set off under this subsection 4.c.

5. **Best Pricing.** The Contractor shall perform the Work at the lowest price the Contractor charges to other school districts or other governmental entities for like work. If the School District pays a price for the Work in excess of the lowest price the Contractor charges or has recently charged to a governmental entity, in addition to all other remedies, the School District shall have a right, as damages, to a refund equal to the difference between the price charged to the School District and the lowest price the Contractor charges or has recently charged to another school district or governmental entity, together with interest at a rate equal to the prime rate of interest as published from time to time by the *Wall Street Journal*, plus five percent (5.0%).

6. **Unavailability of Funds; Crossing Fiscal Years.**

a. *Unavailability of Funds.* In the event the School District, in its sole determination, does not or cannot obtain or continue the funding for this Contract from any source or sources at an aggregate level sufficient to allow for payment for the Work, the School District may exercise one of the following alternatives: (i) terminate this Contract effective upon a date specified in a Termination Notice; or (ii) continue this Contract by reducing, through written notice to the Contractor, the amount of this Contract and the scope of the Work, consistent with the nature, amount, and circumstances of the loss of funding. Any termination or reduction of this Contract pursuant to this subsection 6.a. shall not affect any obligations or liabilities of either Party accruing prior to such termination or reduction. The School District shall not face any liability or penalty as a result of such termination or reduction of this Contract.

b. *Crossing Fiscal Years.* If the School District will pay any portion of the Compensation in any School District fiscal year subsequent to the current fiscal year (the School District's fiscal year runs July 1 – June 30), the portion of the Compensation that may accrue hereunder in a subsequent fiscal year remains subject to legally mandated budget authorization by the Board of Education of the School District under Applicable Law. If for any reason funds for that portion of the Compensation that may accrue hereunder in a subsequent fiscal year are not continued in any subsequent School District fiscal year, this Contract and the School District's liability under this Contract shall automatically terminate at the end of the fiscal year for which the Board of Education authorized funds.

7. ***Grant-Funded Contracts; Trust-Funded Contracts.***

a. *Compliance with Grant.* If the School District pays for all or any portion of the Work with funds received by the School District as grants or under other terms and conditions from any source, including the United States of America, the Commonwealth, the City, or any department or agency of said governments, or from any public or private charitable trust or corporation, then the Contractor shall comply with the terms of the applicable grant agreement, contract, or trust indenture, as the case may be, in carrying out the Work, and the School District shall comply with the terms of said grant agreement, contract, or trust indenture, as the case may be, in making any payment or payments hereunder to the Contractor. The Contractor shall not take any action or omit to act if such act or omission would cause a breach or default under any such grant agreement, contract, or trust indenture.

b. *Timely Submission of Invoices.* If the School District pays any of the Compensation from federal government or Commonwealth grant funds, the Contractor shall bill the School District for any outstanding Compensation owed to the Contractor within ten (10) business days after the end of the Term (*see*, Section 3 of the Agreement for Services). In the event the Contractor does not bill the School District for the balance of any Compensation within said ten (10) day period, the School District reserves the right to withhold payment of the balance of the Compensation to the Contractor based upon the loss of federal government or Commonwealth funds caused by the Contractor's delay, in which event the School District shall have no liability to the Contractor for said balance of the Compensation.

Anything set forth elsewhere in this Contract to the contrary notwithstanding, including but not limited to any references in any exhibits to a "partnership" or "partner" relationship, the Parties have not created, do not intend to create, and no Party nor any other Person, including any court or other tribunal, shall construe anything set forth in this Contract as creating a joint venture or partnership between the School District and the Contractor with respect to the Work. Neither the Contractor nor the School District shall have any power to bind the other Party in any manner whatsoever to any third party. The Contractor does not function as an agent of the School District in any dealings with any third party.

9. ***Non-Discrimination and Compliance with Diversity Policies.***

a. The Contractor, for itself, its directors, officers, agents, employees and Subcontractors, covenants and agrees that it shall not discriminate against or intimidate any employee or other Person on account of age race, color, sex, sexual orientation, handicap, disability, religious creed, ancestry, national origin, gender identity, marital status, genetic information, or Vietnam-era or any other veteran status. The School District operates as an equal opportunity employer under Applicable Law; the Contractor shall likewise operate in all respects as an equal opportunity employer under Applicable Law. The School District shall not do business with any Person that unlawfully discriminates on the basis of age, race, color, sex, sexual orientation, handicap, disability, religious creed, ancestry, national origin, gender identity, marital status, genetic information, or Vietnam-era or any other veteran status, or any other impermissible ground in hiring, promotion, subcontracting or procurement practices. The Contractor shall include the first three sentences of this Section 9.a., with appropriate adjustments for the identity of the parties, in any Subcontracts that it executes and delivers. If the School District has selected the Contractor pursuant to a public solicitation or through a request for proposals or comparable process and the Contractor submitted a plan describing the participation of minority-owned, women-owned or disadvantaged businesses as part of the solicitation or the RFP, then the Contractor shall comply with its Participation Plan, as set forth in this Contract.

b. The Board of Education has adopted a diversity policy, Policy 612: Business Diversity in the Procurement of Materials and Contracted Services (“Diversity Policy”), which relates to the solicitation and participation of Certified Minority-Owned Business Enterprises, Certified Women-Owned Business Enterprises (collectively “M/WBE”), and other Certified diverse, small, or disadvantaged businesses in School District procurements and contracts to further the School District’s diversity and anti-discrimination goals. In furtherance of the Diversity Policy, the School District has the discretion to establish participation rates and ranges for Certified M/WBEs and other Certified diverse, small, or disadvantaged businesses in order to encourage meaningful participation of M/WBEs in the provision of quality goods and services to the School District.

c. The Contractor shall ensure that Certified M/WBEs and Certified diverse, small or disadvantaged businesses have a meaningful and substantial opportunity to participate in the performance of the Contract. The Contractor covenants, represents and warrants that the Contractor, its Subcontractors and partners commit to adhering to anti-discrimination laws and policies, diversity goals and workforce management practices that promote Meaningful and Substantial Participation of Certified M/WBEs and other Certified disadvantaged business enterprises throughout the Term of the Contract. If the Contractor has submitted a plan describing the participation of Certified M/WBEs and other Certified diverse, small, or disadvantaged businesses (“Participation Plan”) as part of a public solicitation, Request for Proposal, or as required by School District policies, then the Contractor shall comply with its Participation Plan. The Contractor’s Participation Plan shall be attached to this Contract and made a part hereof. The commitments made by the Contractor in the Participation Plan are material representations that the School District relies upon in awarding and entering into this Contract.

d. The Participation Plan must demonstrate that the participation of Certified M/WBEs and other Certified diverse, small, or disadvantaged businesses constitutes Meaningful and Substantial Participation in the Work, the Contract and any subsequent amendment. Participation shall be measured in terms of actual dollars received for work performed or services provided by Certified M/WBEs and other Certified diverse, small, or disadvantaged businesses and the Contractor’s workforce management practices. The Contractor shall take good faith actions to achieve the requirements of the Diversity Policy in conformity with Board of Education policies, including but not limited to submitting a Participation Plan.

e. The Contractor shall not increase or decrease the percentages of Work, scope of Work, or dollar amounts for any Certified M/WBE and other Certified diverse, small, or disadvantaged businesses set forth in the Participation Plan without the written approval of the School District. If the requested change is approved, the Contractor shall promptly submit a revised Participation Plan for School District approval. The Parties shall incorporate the revised Participation Plan in this Contract by amendment.

f. In addition to and not in derogation of the available rights and remedies under subsection 20.c., the School District may, if the Contractor breaches this Section 10, pursue suspension or debarment in conformity with the procedures set forth in the Diversity Policy.

g. In addition to and not in derogation of any reporting requirements set forth in subsection 1.h., when required by the Diversity Policy or the Participation Plan, as applicable, the Contractor shall keep appropriate records and periodically report to the School District regarding the use of Certified M/WBEs and other Certified diverse, small, or disadvantaged businesses.

#### 10. ***Subcontracts.***

a. *School District Consent Required.* The Contractor shall not delegate or enter into any Subcontract for the performance of any of its obligations under this Contract, including any portion of the Work, in whole or in part, without in each instance first giving notice to and obtaining the written consent of the School District, which consent the School District may grant, withhold, condition or delay in its sole discretion.

b. The School District hereby consents to any Subcontract entered into by the Contractor specifically referenced in Exhibit “A”, the Contractor’s Statement of Work, to this Contract. Any subcontract or assignment made in violation of this Section 10 shall be null and void. The School District shall have no obligation to any Subcontractor. Each Subcontract shall contain clauses to the effect that (i) the Subcontractor shall have no recourse to the School

District for any payment or for performance under such Subcontract; (ii) the Subcontractor consents to any assignment of the Subcontract by the Contractor to the School District, at the School District's sole option; and (iii) the Contractor shall make payment to any Subcontractor within five (5) business days after receipt of payment from the School District with respect to work properly invoiced by a Subcontractor to the Contractor and reflected in the payment by the School District to the Contractor.

c. *No Change in the Contractor's Obligations.* The existence of any Subcontract shall not alter or limit the obligations of the Contractor to the School District under this Contract. The Contractor shall at all times remain fully responsible for its Subcontractors, and shall ensure that it legally binds all Subcontractors to the same terms and conditions as the Contractor under this Contract, including without limitation, non-discrimination, warranties, confidentiality, maintenance and preservation of records and audit by government representatives.

11. *Non-Assignment.* The Contractor acknowledges that the Work constitutes personal or professional services, or both, of the Contractor. Except through a Subcontract subject to Section 10 above, the Contractor shall not assign this Contract, or any part of this Contract, nor delegate performance of any part of this Contract, without the prior written consent of the School District, which consent the School District may grant, withhold, condition or delay in its sole discretion. This Contract legally binds the Parties and their respective successors and assigns. Any purported assignment in violation of this provision shall be void and of no effect. The School District's consent to an assignment shall not release the assignor from any liability or obligation accrued or thereafter accruing under this Contract. Any assignment shall be in writing and shall contain an express assumption by the assignee of all liability or obligation accrued or thereafter accruing under this Contract. Consent by the School District to any assignment shall not constitute a course of conduct, dealing or performance with respect to any other assignment or proposed assignment. For purposes of this Section 11, an assignment includes the acquisition of the Contractor, or a controlling interest therein, through an asset sale or a corporate or other merger, the appointment of a receiver or bankruptcy trustee for the Contractor, and the transfer of this Contract or the Contractor in any bankruptcy or other insolvency-related proceeding. A receiver or trustee of or for the Contractor in any federal or state bankruptcy, insolvency or other proceeding concerning the Contractor shall comply with the requirements set forth in this Contract, including but not limited to this Section.

12. *Audits; Records and Payments; Inspectors General.*

a. *Audits.* From time to time during the Term and for a period of six (6) years after the expiration or termination of this Contract (*see*, 24 Pa. Stat. § 5-518), the School District; the Controller of the City; the Commonwealth, including without limitation its Auditor General and the Pennsylvania Department of Education, or a department, agency or instrumentality of the United States of America, if the School District funds this Contract with federal funds, or any of their authorized representatives (each, for the purposes of this Section, an "Auditor") may audit any and all aspects of the Contractor's performance under this Contract, including but not limited to its billings, invoices, and payments received.

b. *Inspection.* If requested by an Auditor or the School District, the Contractor shall submit to the Auditor and the School District, for review or inspection, all invoices presented for payment pursuant to this Contract, all canceled checks, Materials, invoices, vouchers, reports, work product, work papers, books, records and accounts upon which the invoices are based, and any and all documentation and justification in support of expenditures or fees incurred pursuant to this Contract. The Contractor acknowledges and agrees that any Auditor may inspect or review all of its Work, Materials, and all of its sites, locations and facilities related to its performance under this Contract. Inspection and review of Work and Materials shall take place at the offices of the Contractor in the City, or in another location with the Auditor's consent. The Contractor shall cooperate with all School District, City, Commonwealth and federal inspections and reviews conducted in accordance with the provisions of this Contract. The scope of such inspection and review of the Work, Materials, and sites, locations and facilities lies in the sole discretion of the Auditor. Such inspection or review may include, without limitation, meetings with persons receiving services under this Contract, review of staffing ratios and job descriptions, and meetings with any of the Contractor's staff members who either directly or indirectly participate or participated in carrying out any of the Work, including preparing, delivering or installing any Materials.

c. *Retention and Availability of Records.* The Contractor shall retain all records, books of account and documentation pertaining to this Contract for the greater of (i) the period required by Applicable Law, or (ii) six (6)

years following expiration or termination of this Contract; provided that if any litigation, claim or audit commences prior to expiration of said six (6) year period, then the Contractor shall retain the records until all litigation, claims or audit findings have been completely terminated or resolved without right of further appeal. The Contractor shall make available, at the Contractor's office in the City or another Contractor office in reasonable proximity to the City, at reasonable times during the Term and for the period set forth in this Section 12, all records pertaining to this Contract for the purpose of inspection, audit or reproduction by any Auditor. The Contractor shall provide such records without unreasonable delay when requested by an Auditor.

d. *Inspector General; Inspectors General.* The School District's Inspector General shall enjoy all the rights, powers, and privileges of an Auditor under this Contract and any and all additional rights, powers, and privileges as provided by Applicable Law and by delegation from the Board of Education or other duly constituted authority having jurisdiction, *e.g.*, a commission. The Contractor shall cooperate and comply with any audit or investigation by the School District's Inspector General, or by any City, Commonwealth or federal inspector general having jurisdiction, and any joint investigation. The Contractor and its partners, members, shareholders, directors, officers, employees, agents, contractors and Subcontractors shall cooperate fully with the School District's Inspector General by providing true, correct and complete information and records, as well as all necessary or appropriate assistance in any matter investigated by the Inspector General. In any investigation the School District's Inspector General shall have and enjoy complete and unimpeded access to all papers, workpapers, books, records, documents, information, personnel, processes, *e.g.*, meetings, data, computer hard drives and networks, e-mail, text or instant messages, facilities and other assets owned, leased, licensed or used by or for the School District, including but not limited to information regarding the Contractor or other School District contractors, or any other Person involved in any way with the School District, as deemed necessary in performing investigative or audit activities pertaining in any way to the business, operations or public functions of the School District or the Board of Education, and in the custody of the Contractor or any Subcontractor.

### 13. *Indemnification; Litigation Cooperation; Notice of Claims.*

a. *Indemnification.* The Contractor shall indemnify, defend, and hold harmless the School District, its officers, employees, agents, and the members of the Board of Education from and against any and all losses and expenses, including but not limited to, litigation and settlement costs, attorneys' fees and costs; claims; suits; actions; damages; and liability for or on account of actual or alleged loss of life, bodily injury, personal injury, damage to property, or the use of facilities or equipment furnished to the Contractor that arise out of or are related to the performance or non-performance of the Work by the Contractor or the Contractor's agents, Subcontractors, assignees, independent contractors, employees or servants. The Contractor shall indemnify, defend and hold harmless the School District, its officers, employees, agents and the members of the Board of Education from and against any and all losses and expenses, including, but not limited to, litigation and settlement costs, attorneys' fees and costs; claims; suits; actions; damages; and liability for or on account of actual or alleged violation of any third party's copyright, trademark, patent, trade secret or other valid proprietary right, employment discrimination, contamination of or adverse effects on the environment, intentional acts or omissions, failure to pay any Subcontractors or suppliers, any Event of Default under this Contract, and breach, if any, of any Subcontract, that arise out of or are related to the performance or non-performance of the Work by the Contractor or the Contractor's agents, Subcontractors, assignees, independent contractors, employees or servants.

b. *Indemnification; Contractor's Employees.* Except as set forth below in this subsection 13.b., this Section 13 does not require the Contractor to indemnify the School District to the extent of the School District's own negligent act or omission. This Section 13 protects the School District, its officers, employees, agents and the members of the Board of Education and the Commission from all claims arising during the Term asserted by employees, agents or workers of the Contractor or any Subcontractor who are injured on or by School District real or personal property, or who assert an employment claim of any kind against the School District, including but not limited to any claim or claims relating to the termination of employment, regardless of when the claimant makes the claim. Except as expressly set forth below in this subsection 13.b., the Parties shall not construe this Section 13 to alter, limit, negate, abridge or otherwise reduce any other right or obligation that would otherwise exist as to any Party or Person described in this Contract. This Section 13 functions independently of the Contractor's or its Subcontractors' insurance or lack thereof, and the Parties do not intend that rights set forth in this Section 13 be deemed limited by the Pennsylvania Workers' Compensation Act. This Section 13 shall apply, particularly, but not exclusively, to the claims of the Contractor and all of its Subcontractors, and all of their respective officers, agents, representatives and

employees, against the School District, its officers, employees and agents, and the members of the Board of Education and the Commission. The Contractor and all of its Subcontractors, and all of their respective officers, agents, representatives and employees, shall have no claim against the School District, its officers, employees and agents and the members of the Board of Education or the Commission, for the acts, failures to act or negligence of the School District, or its officers, employees and members of the Board of Education or the Commission.

c. *Litigation Cooperation.* If at any time, including after the expiration or earlier termination of the Term, the School District becomes involved in a dispute or receives notice of a claim, or is involved in litigation concerning the Work and Materials provided under this Contract, the resolution of which requires the services or cooperation of the Contractor, and the Contractor does not otherwise have a duty to indemnify and defend the School District pursuant to the provisions of subsection 13.a. above, the Contractor shall provide such services and shall cooperate with the School District in resolving such claim or litigation as part of the Work and Materials under this Contract.

d. *Notice of Claims.* If the Contractor receives notice of a legal claim against it in connection with or in any way related to this Contract, the Contractor shall (i) submit appropriate written notice of such claim to its insurance carrier within the time frame required for submission of claims by the applicable insurance policy and, (ii) within five (5) business days of receipt of notice of the claim, give notice of such claim to the School District.

14. ***School District Statutory Immunity.*** Any other term, covenant or condition of this Contract to the contrary notwithstanding, the School District, its officers, employees, agents, and the members of the Board of Education, retain their statutory governmental, official and any other immunity provided pursuant to Applicable Law, including 42 Pa. Cons. Stat. Ann. §§ 8501 and 8541 *et seq.*, as amended. The Contractor acknowledges and agrees that the School District (a) is a Local Agency, as defined in 42 Pa. Const. State. Ann. §§ 8501 and 8541; and (b) does not waive, nor have the power to waive, for itself or for its officers, employees, and for the members of the Board of Education and the Commission, by way of indemnity or otherwise, the defenses of governmental, official or any other immunity derived from said statutes or provided by law .

15. ***Insurance.*** Prior to the commencement of any of the Work, the Contractor shall provide and maintain the following minimum levels of insurance at the Contractor's own expense until the latest of completion of the Work, final payment by the School District or final acceptance of the Work. The Contractor shall include in its bid, proposal or quote its cost of the required insurance; the Parties shall make no adjustment to the Compensation on account of these insurance costs. The term "Contractor" shall include Subcontractors and Sub-Subcontractors at every tier. The Contractor shall deliver to the School District a certificate or certificates of insurance evidencing and reflecting the effective date of coverage, as set forth below in subsection 15.e. In no event shall the Contractor commence or permit commencement of any of the Work unless and until the Contractor delivers and the School District has approved the required evidence of insurance in conformity with this Contract. If the School District finds the Contractor's evidence of insurance non-compliant, the School District shall have the right, but not the duty, at its discretion, to purchase the required insurance coverage or coverages, at the sole cost and expense of the Contractor, by set-off against Compensation accrued or accruing, or through the Contractor's direct payment or reimbursement to the School District. The School District by notice or other communication may require additional coverage or coverages, or higher coverage limits, aggregate limits or sub-limits at any time during the Term, if in the School District's sole judgment, a risk or risks warrant such additional coverage or limits.

a. *Rating.* The Contractor shall procure all insurance from insurers permitted to do business in the State in which the Work takes place, having an A.M. Best Rating of at least "A-, Class VIII".

b. *Self-Insured Retention.* The Contractor shall not have a Self-Insured Retention ("SIR") on any policy greater than \$50,000; any and all SIRs shall remain the Contractor's responsibility. In the event any policy includes an SIR, the Contractor shall provide the additional insured requirements specified herein within the SIR.

c. *Occurrence Basis.* The Contractor shall ensure that its insurer or insurers write all insurance required hereunder, with the exception of the Professional Liability Insurance, on an "occurrence" basis. Claims-Made coverage must include:

- i. a retroactive date on or prior to the start of Work under this Contract; and

ii. “tail coverage/an extended reporting period” or coverage for a period of three (3) years subsequent to the later of completion of the Work or final payment.

d. *Notice of Cancellation or Non-Renewal.* The Contractor’s insurance carrier or carriers each shall agree to provide at least thirty (30) days prior written notice to the School District in the event of any cancellation or non-renewal of any coverage. In the event of cancellation or non-renewal of any coverage or coverages, the Contractor shall replace any such coverage or coverages so as to comply with the insurance requirements set forth in this Contract, with no lapse of coverage for any time period. In the event the Contractor’s insurance carrier or carriers do not issue or endorse their policy or policies to comply with this subsection 15.d, above, the Contractor shall give notice to the School District of its receipt of any notice of cancellation or non-renewal at least thirty (30) days prior to the effective date of the proposed cancellation or non-renewal.

e. *Certificates.* The Contractor shall deliver to the School District the required certificate or certificates of insurance, evidencing the insurance coverages required under this Contract, at least ten (10) days prior to the start of the Work and thereafter promptly before or on renewal or replacement of each coverage. In the description of operations section of the required certificate, it must be written that the School District, its Board of Education and its members, officers, employees, and agents shall be named as additional insured. The Contractor shall not begin any Work until the School District has reviewed and in its discretion approved the certificate of insurance. Attn.:Director of Risk Management  
E-mail: riskmanagement@philasd.org

Failure of the School District to demand these certificates or other evidence of full compliance with these insurance requirements or failure of the School District to identify a deficiency from evidence that is provided shall not constitute a waiver of the Contractor's obligation to maintain such insurance.

With respect to insurance maintained after final payment in compliance with a requirement below, an additional certificate(s) evidencing such coverage shall be provided to the School District with final application for payment and thereafter upon renewal or replacement of such insurance until the expiration of the time period for which such insurance must be maintained.

Each of the additional insured’s respective directors, officers, board members, employees, agents and representatives shall also constitute covered additional insureds. h. *No Limitation of Liability.* Neither the Parties nor any tribunal or adjudicatory body shall or may construe the amount of insurance set forth in the insurance coverages required in this Section 15, as a limitation of the liability of the Contractor. The carrying of insurance as set forth in this Section 15 shall not relieve the Contractor of

any duty or liability under the Contract, except to the extent of insurance proceeds paid. Any type of insurance, or any increase in limits of liability, not described above, which the Contractor requires for its own protection or on account of statute shall be its own expense.

i. *Notice of Accidents, Claims and Suits.* The Contractor shall promptly notify the School District and the appropriate insurance company(ies) in writing of any accident(s) as well as any claim, suit or process received by the Contractor arising in the course of operations under the Contract. 3. Whenever a proposed Contractor, bidder, responder or contracting party is awarded a contract, the Contractor, bidder, responder or contracting party shall produce to the School District a Certificate that the Contractor, bidder, responder or contracting party is compliant with any tax obligations or an Affidavit that the Contractor, bidder, responder or contracting party is not subject to or liable for any City or School District taxes or other indebtedness owed to the City and/or the School District.
4. Generally, the Board of Education ("BOARD") of the School District will not authorize the award of a School District contract to a firm, business or other legal entity that is delinquent in its payment of City or School District taxes or other indebtedness owed to the City and/or the School District at the time of the contract award.
5. The BOARD reserves the right or option to award a School District contract to the apparent lowest or successful Contractor, bidder, responder or contracting party who does not provide a Certificate of Tax Clearance to the School District if the BOARD determines, in its sole discretion, that award of the contract to the apparent lowest or successful vendor, bidder, responder or contracting party is in the best interest of the School District, or required under applicable Federal or State laws, regulations or rulings. The BOARD also reserves the right or option to set off or offset the amount of any City taxes or other indebtedness owed to the City and/or School District against any payment or payments due to the apparent lowest or successful vendor, bidder, responder or contracting party under any contract with the School District.
6. The BOARD or the School District reserves the right or option to set off or offset the amount of any City taxes or other indebtedness owed to the City and/or the School District against any payment or payments due to a firm, business or legal entity under any contract with the School District.
7. The BOARD may authorize the award of a School District contract to a firm, business or other legal entity that is delinquent in its payment of City or School District taxes or other indebtedness owed to the City and/or the School District at the time of the contract award, if the BOARD determines, in its sole discretion, that award of the contract of the firm, business or other legal entity is in the best interest of the School District, or required under applicable Federal or State laws, regulations or rulings.
8. The BOARD, in its sole discretion, may authorize the award of a School District contract to a firm, business or other legal entity that is delinquent in its payment of City or School District taxes or others indebtedness owed to the City and/or the School District at the time of contract award and that has entered into a satisfactory arrangement with the City to become compliant in the payment of City or School District taxes or other indebtedness owed to the City and/or the School District. The firm, business or other legal entity must provide written proof of this satisfactory arrangement with the City before the authorization of the award of the contract.
9. The Chief Financial Officer will be responsible for monitoring and overseeing the School District's implementation and enforcement of the Tax Compliance of Vendors Policy.

**New Tax Compliance Provisions**RFPS, RFQs and Bids

**Tax Compliance.** It is the policy of the School District of Philadelphia ("School District") to ensure that firms, businesses and other legal entities receiving School District contracts are current in their payment of City of Philadelphia ("City") taxes and School District taxes or other indebtedness owed to the City or the School District, including but not limited to taxes collected by the City on behalf of the School District, at the time of contract award. Pursuant to SRC Resolution SRC-2 dated February 21, 2013, the School District's School Reform Commission ("SRC") has adopted a Tax Compliance of Vendors Policy which provides that generally, the SRC will not authorize the award of a School District contract to a firm, business or other legal entity that is delinquent in its payment of City or School District taxes or other indebtedness owed to the City and/or the School District at the time of contract award. Attached is the Tax Compliance of Vendors Policy.

1. Comply with Tax Compliance Policy. All firms, businesses and other legal entities wanting to receive a School District contract or receiving a School District contract shall comply with all of the terms and conditions of the Tax Compliance of Vendors Policy.
2. Check for Tax Compliance Before School District Contract Award.
  - A. Before submitting a Proposal, Quotation, Quote or Bid, the Proposer, Contractor or Bidder shall check its tax compliance status with the City Revenue Department Tax Clearance Unit by going to the City Revenue Department website for tax compliance system ([https://tax-services.phila.gov/\\_/](https://tax-services.phila.gov/_/)) selecting "Vendor/Contractor" as the reason for compliance, and then submitting its name, type and tax identification number.
  - B. The City Revenue Department online tax compliance system will verify the tax compliance of the Proposer, Contractor or Bidder. If the Proposer, Contractor or Bidder is in compliance, then the Proposer, Contractor or Bidder shall print out a "Certificate of Tax Clearance" and include the "Certificate of Tax Clearance" in its Proposal, Quotation, Quote or Bid.
  - C. The City Revenue Department online tax compliance system will advise the Proposer, Contractor or Bidder if it is not in compliance and how to contact the City Revenue Department to resolve non-tax compliance issues. If the Proposer, Contractor or Bidder is not in compliance, then the Proposer, Contractor or Bidder shall contact the City Revenue Department Tax Clearance Unit directly (at telephone number 215-686-6565), identify itself as a School District Contractor, and resolve the non-tax compliance issue before the BOARD authorizes the award of the School District contract.
  - D. Generally, a Proposer, Contractor or Bidder will not receive a School District contract award until it has submitted proof of its tax compliance in the form of a "Certificate of Tax Clearance" to the School District. Generally, the BOARD will not authorize the award of a School District contract to a Proposer, Contractor or Bidder that has not submitted a "Certificate of Tax Clearance" to the School District. Generally, the School District will not enter into a contract with a Proposer, Contractor or Bidder that has not submitted a "Certificate of Tax Clearance" to the School District. Failure by a Proposer, Contractor or Bidder to include the "Certificate of Tax Clearance" in its Proposal, Quotation, Quote or Bid may make the firm, business or other legal entity a "non-responsible" Proposer, Contractor or Bidder for award of a School District contract. Failure by a Proposer, Contractor or Bidder to provide a "Certificate of Tax Clearance" to the School District within the time period required by the School District may make the Proposer, Contractor or Bidder ineligible to receive an award of a School District contract.

3. Provide Proof of City Satisfactory Arrangement, Settlement Agreement or Payment Plan; Continue to Comply with said Arrangement, Agreement or Plan.
- A. The Proposer, Contractor or Bidder shall provide written proof to the School District of its satisfactory arrangement, settlement agreement or payment plan with the City to become compliant in the payment of City or School District taxes or other indebtedness owed to the City or the School District. The Proposer, Contractor or Bidder shall not receive a School District contract award until it provides written proof of said City satisfactory arrangement, settlement agreement or payment plan to the School District.
  - B. The successful Proposer, Contractor or Bidder shall be required under the awarded School District contract to continue to comply with said City satisfactory arrangement, settlement agreement or payment plan during the duration of said contract.
4. BOARD Reserves Right or Option to Award School District Contract to Non-Tax Compliant Firm, Business or Other Legal Entity.
- A. The BOARD reserves the right or option to award a School District contract to a Proposer, Contractor or Bidder that has not submitted a "Certificate of Tax Clearance" to the School District if the BOARD determines, in its sole discretion, that award of said contract to the Proposer, Contractor or Bidder is in the best interest of the School District, or is required under applicable Federal, State or Local laws, codes, regulations or rulings.
  - B. The BOARD reserves the right or option to award a School District contract to the apparent lowest or successful Proposer, Contractor or Bidder that does not provide a "Certificate of Tax Clearance" to the School District if the BOARD determines, in its sole discretion, that award of said contract to the apparent lowest or successful Proposer, Contractor or Bidder is in the best interest of the School District, or is required under applicable Federal, State or Local laws, codes, regulations or rulings.
  - C. The BOARD reserves the right or option to award a School District contract to a Proposer, Contractor or Bidder that is delinquent in its payment of City or School District taxes or other indebtedness owed to the City or the School District at the time of contract award if the BOARD determines, in its sole discretion, that award of said contract to the Proposer, Contractor or Bidder is in the best interest of the School District, or is required under applicable Federal, State or Local laws, codes, regulations or rulings.
  - D. The BOARD reserves the right or option to award a School District contract to a Proposer, Contractor or Bidder that is delinquent in its payment of City or School District taxes or other indebtedness owed to the City or the School District at the time of contract award if the Proposer, Contractor or Bidder has entered into a satisfactory arrangement, settlement agreement or payment plan with the City to become compliant in the payment of City or School District taxes or other indebtedness owed to the City or the School District. The Proposer, Contractor or Bidder shall provide written proof of said City satisfactory arrangement, settlement agreement or payment plan to the School District before the BOARD authorizes the award of said contract.
  - E. The BOARD reserves the right or option to award a School District contract to a Proposer, Contractor or Bidder that is in default of any satisfactory arrangement, settlement agreement or payment plan with the City to become compliant in the payment of City or School District taxes or other indebtedness

owed to the City or the School District if the BOARD determines, in its sole discretion, that award of said contract to the Proposer, Contractor or Bidder is in the best interest of the School District, or is required under applicable Federal, State or Local laws, codes, regulations or rulings.

5. BOARD or School District Reserves Right or Option to Set Off or Offset Delinquent Tax or Other Indebtedness against Contract Payment; Agreement to said Set Off or Offset.
  - A. The BOARD or the School District reserves the right or option to set off or offset the amount of any City or School District tax or taxes or other indebtedness owed to the City or the School District against any payment or payments due to the successful Proposer, Contractor or Bidder under any contract with the School District.
  - B. The successful Proposer, Contractor or Bidder shall agree under the awarded School District contract that the School District may set off or offset the amount of any City or School District tax or taxes or other indebtedness owed to the City or the School District against any School District payment or payments due under any School District contract.
  - C. 6. BOARD or School District Reserves Right or Option to Withhold Contract Payment; Agreement to said Withholding.
  - A. The BOARD or the School District reserves the right or option to withhold payment or payments due to the successful Proposer, Contractor or Bidder under any School District contract if the successful Proposer, Contractor or Bidder is delinquent in the payment of City or School District tax or taxes or other indebtedness owed to the City or the School District. The BOARD or the School District further reserves the right or option to continue said withholding until the City Revenue Department notifies the School District that the successful Proposer, Contractor or Bidder is tax compliant.
  - B. The BOARD or the School District reserves the right or option to withhold payment or payments due to the successful Proposer, Contractor or Bidder under any School District contract if the successful Proposer, Contractor or Bidder is in default of a satisfactory arrangement, settlement agreement or payment plan with the City to become compliant in the payment of City or School District taxes or other indebtedness owed to the City or the School District. The BOARD or the School District further reserves the right or option to continue said withholding until the City Revenue Department notifies the School District that the successful Proposer, Contractor or Bidder is tax compliant.
  - C. The successful Proposer, Contractor or Bidder shall agree under the awarded School District contract that the School District may withhold payment or payments due to the successful Proposer, Contractor or Bidder under any School District contract if the successful Proposer, Contractor or Bidder is delinquent in the payment of City or School District tax or taxes or other indebtedness owed to the City or the School District. The successful Proposer, Contractor or Bidder shall further agree under the awarded School District

contract that the School District may continue said withholding until the City Revenue Department notifies the School District that the successful Proposer, Contractor or Bidder is tax compliant.

- D. The successful Proposer, Contractor or Bidder shall agree under the awarded School District contract that the School District may withhold payment or payments due to the successful Proposer, Contractor or Bidder under any School District contract if the successful Proposer, Contractor or Bidder is in default of a satisfactory arrangement, settlement agreement or payment plan with the City to become compliant in the payment of City or School District taxes or other indebtedness owed to the City or the School District. ## Appendix P: School District of Philadelphia Technology Specifications

### Overview

The School District of Philadelphia ("District") seeks a technology-based enterprise platform and/or service that collectively represents a turnkey solution (hereafter referred to as simply, "solution"). Understanding that the District's primary focus is K-12 education, the District is looking for a solution that includes all key resources for successful deployment, implementation, and ongoing support and maintenance. The responder should fully enumerate all one-time and recurring resources, costs, and requirements that would be assumed either partially or fully by the District in terms of technology procurement and support.

The District expects the responding vendor to focus and expand on the technology components of the proposed solution and has included pertinent background information on the following:

- ❖ 1. Network Specifications
- ❖ 2. Delivery Model
- ❖ 3. Data Protocols
- ❖ 4. Application Integration
- ❖ 5. Support and Service Level Agreements
- ❖ 6. Miscellaneous

It should be noted that portions of this appendix and the included informational sections may not be applicable to a vendor's solution, but has been included for completeness and full disclosure of the School District's IT infrastructure and systems environment.

### **1. Network Specifications**

All District-operated school and administrative facilities support universal access to the Internet through local-area networks utilizing TCP/IP and standards-based non-proprietary protocols and transports. The District's network infrastructure includes several "intrusive" gateway components including firewalls, proxies, content filtering, traffic management and packet inspection technology. Network addressing is accomplished through the exclusive use of private IP addresses (i.e. 10.x.x.x), in conjunction with 1-to-MANY network address translation at the Internet gateway.

Minimally, each classroom and office location contains two (2) hardwired 1-Gbps switched Ethernet connections and all school facilities generally support building-wide 802.11ac WiFi wireless connectivity. Each school and administrative facility is connected to a fiber-optic metropolitan-area network through a 20-Gbps upstream connection, with all District facilities sharing 40-Gbps commodity Internet service, in addition to 10-Gbps Internet2 connectivity.

All proposal responses should specify detailed requirements for network connectivity and bandwidth capacity as well as ancillary requirements (if any) for specialized network or administrative services such as remote VPN access, firewall policy exemptions, or customized LAN configurations.

Technical considerations for compatibility with the District's network environment:

- Solution must be capable of working in a network proxy and network address translation (NAT) environment.
- Solution should require only the use of TCP service ports 80 (http) and/or 443 (https).
- Solution robustness and capacity should be verifiable via web performance and load testing

software/service reporting, and capable of sustaining adequate simultaneous client/web connections for the intended use/audience.

- Hosted solutions should be equipped to provide increased bandwidth on demand, as needed.
- Should support connectivity by both IPv4 and IPv6 protocols.
- Should not require the use of Multicast protocols.

It should be noted that while the District maintains a fairly robust and highly-available technology and communications infrastructure for District-operated schools, no assumptions should be made concerning other public, private, or partnership school facilities, including Charter schools and Early Childhood centers. These locations operate and are maintained independently from the District in terms of technology and connectivity.

## **2. Delivery Model**

### **2.1. Hosting**

The District requires a hosted service delivery model such as an *Application Service Provider* (ASP), *Software as a Service* (SaaS), or Internet cloud-based model for hosting of vendor's solution. The proposed technology solution must not require or rely on the use of local on-premise server(s) or server appliance(s) other than those discussed elsewhere in this Appendix. Vendors should be prepared to provide information on the hosting facility, such as hosting company name, contact person, contact number and service level agreements that exist between respective companies.

**2.2. Delivery Model Cost Breakdown** (illustrative example only – include all costs, fees and resource needs that must be assumed by the District for the proposed solution(s))

- Hardware, Server and/or Software Acquisition Costs
- Installation Costs
- Application Licensing Fee(s)
- Database Licensing Fee(s)
- Maintenance Costs for Hardware and/or Software
- Maintenance Costs for Database(s)
- Technical Support Fee(s)
- Training Expenses
- Costs for Vendor Help Desk or Customer Support Center
- Vendor Programming Personnel Costs (estimate): *hrs. x \$/hr. = total*
- Vendor Consulting Services Costs (estimate): *hrs. x \$/hr. = total*
- School District of Philadelphia IT Personnel Maintenance Resources (estimate): *hrs.*
- 3<sup>rd</sup>-Party Software Expenses
- Disaster Recovery and/or Business Continuity Expenses
- Other Costs or Expenses (e.g Input Devices, Consumables, SSL Certificates, Online Storage, Offline Backup/Archival etc.)

**3. Data Protocols**

**3.1. Data Ownership**

The District assumes the term *Data* shall mean all information, whether or not confidential, entered into software or equipment by or on behalf of the School District and information derived from such information, including as stored in or processed through the equipment or software, including, without limitation, all data and information submitted to a vendor by the School District. All responding vendors should be aware that all School District Data shall remain the sole and proprietary property of the School District in perpetuity, throughout and beyond the term of any agreement.

Vendors shall not allow Data to be transferred or stored in any form, including physically or electronically, outside of the United States or its territories. Further, Vendor shall not permit its employees, contractors or service providers, to access District Data from outside of the United States or its territories, for any purpose including but not limited to use for call centers, help desks, technical support, system configuration, hosting, maintenance, troubleshooting or disaster recovery.

The School District requires that the Data owned by the District must be transferable to the District in a usable format and should include an Entity Relationship Diagram and Data Dictionary. It should also include the ability to roll off data to retrievable archives and the ability to load historical data for

reporting purposes.

No vendor shall be permitted to destroy or cause to be destroyed; any School District Data unless otherwise permitted by the District through prior expressed written consent. At any time during the term of any subsequent agreement resulting from this RFP, the School District may request copies of or access to, all or any subset of School District Data.

Upon termination of any agreement for any reason, within a time period to be set at the time of contract negotiations, the awarded vendor agrees to return in an industry-standard and District approved format, media containing all School District Data currently in the possession of the vendor and/or its subcontractors. Upon completion of the return of all Data to the District, the awarded vendor will then take all reasonable efforts to securely destroy and dispose of all School District Data in its possession or in the possession of its subcontractors.

The District must be notified immediately in the event of any type of data breach and the awarded vendor will satisfy applicable data retention requirements as set forth by the District.

### **3.2. Compliance**

Vendors will be required to adhere to all local (Philadelphia County), state (Pennsylvania), and federal laws and regulations as applicable, including, but not limited to FERPA, COPPA, CIPA, CIPA-2, HIPAA and ADA.

The School District of Philadelphia is committed to providing access to our electronic information, including our websites, for individuals with disabilities in accordance with all applicable State and Federal laws. Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 require us to ensure that anyone with disabilities seeking information or services from us, have access to and use of information and data that is comparable to the access and use by any other members of the public who are not individuals with disabilities. This requirement extends to any and all web-based services, applications, or other technology that is acquired, contracted or otherwise made available by the School District, to its students, staff and/or community members. Responders to this solicitation shall be equally responsible and contractually bound to ensure their product and service offerings are accessible pursuant to the aforementioned laws. The School District's website accessibility standards can be found here: <https://www.philasd.org/administrative-procedures-for-website-accessibility/>.

### **3.3. Data Interchange**

All external data interchange will require protocols and transports containing strong certificate-based encryption (minimal 256-bit, RSA minimal 2048-bit) such as HTTPS, FTPS, SFTP, SSH, or TLS (1.2 or newer). Vendor's Public Key or Digital Certificates must be valid, current and issued by a trusted Certificate Authority ("CA"), and generated from root CA's that are commonly included in popular web browsers as signing authorities. The School District WILL NOT support vendor solutions that rely on "self-signed" Digital Certificates.

## **4. Application Integration**

### **4.1. Overview**

The proposed solution may be required to import/export data files from various District enterprise systems. It is required that at a minimum the vendor utilizes a flat file format (i.e. comma-separated values) for data transport. Alternatively, the District will consider file formats that meet current District standards and that are directly compatible with the source/destination system(s) (e.g. XML). In many cases, 3<sup>rd</sup>-party data integrations will interface with the District's Operational Data Store ("ODS") which connects the many disparate District systems into a single robust Oracle-based database.

The District has adopted IMS Global's OneRoster v1.1 CSV specification as the open standard for importing/exporting student information including user enrollment, demographics, course information, schedules and grades. Any technology solution that will integrate with District student data systems for the exchange of student information and academic data, will be required to natively support the OneRoster v1.1 specification. If such integration is necessary, the District will not consider solutions that require the use of a 3<sup>rd</sup>-party integration tool, platform, or service. Vendors should provide additional information, use cases, and/or references for successful implementations of IMS Global's OneRoster specifications, including version information.

The District currently uses two ERP systems: Oracle Fusion Cloud Enterprise Resource Planning for Finance and Procurement and CGI's *Advantage 2000*, for Human Resources Management and Payroll. Oracle Fusion Cloud ERP is a fully web-enabled interface to centrally manage purchasing and financial planning. *Advantage 2000* is an IBM mainframe-based application suite using Computer Associates' Datacom as the centralized database.

The District's Student Information System is Infinite Campus District Edition, a fully web-enabled interface for teachers, students, and administrators, utilizing Cloud Choice Hosting.

The District's Instructional Management System is Schoolnet by Pearson Education.

The District currently operates two student-facing Learning Management Systems - Google Classroom and Canvas. When appropriate, integration with these systems is preferred.

The District's Business Data Warehouse (BDW) is constructed on DataBlocks K12 Analytics model. The District's BDW is organized according to the multidimensional model that hinges on the concepts of facts and dimensions in an Oracle based system. The District's current BI layer is Qlik Business Intelligence and Enterprise Reporting platform.

The District's primary enterprise directory service is LDAP v3 compliant, running on a Linux-based architecture. The District does not utilize Microsoft's Active Directory for its enterprise directory services.

#### 4.2. Web-based Standards, Client Software and Application Components

The proposed solution must generally adhere to the District's client (end-user) requirements.

- ✓ In general, applications that will be used internal and external to the District (schools, administrative offices, and/or staff/student/parent homes) must be web-based and entirely client platform/web browser agnostic.
- ✓ The District's standard supported web browser configurations are Google Chrome, Mozilla Firefox, Apple Safari, Microsoft Internet Explorer, and Microsoft Edge. The School District's minimum web browser specifications can be found here:  
<https://www.philasd.org/ithelpdesk/minimum-browser-requirements/>.
- ✓ The District supports Apple Mac OS X (v10.10 and newer), Microsoft Windows (v7 and newer), and Google ChromeOS (78 or newer) client operating systems.
- ✓ The District's supported mobile OS platforms are Apple iOS and Google Android.
- ✓ District-owned OS X and Windows desktop and laptop platforms are protected using an antivirus solution licensed from Fortinet.
- ✓ Vendors must provide a complete listing of any required web browser plug-ins or supplemental client software (e.g. Flash, Shockwave, QuickTime, Adobe Reader, etc.) as well as minimal supported version numbers.

- ✓ Any solution that relies on the use of a client-side Java engine, must utilize a current Oracle-supported version of the Java runtime engine (v1.8 or newer).
- ✓ For any services delivered via the web, the vendor must document the use of role-based functionality and access.

**IMPORTANT NOTE:** As of December 2020, Adobe Software has formally retired the Adobe Flash architecture. Many operating system and browser platforms have announced pending termination of support for Adobe Flash, and some have already begun disabling Flash support in their default configurations. Due to support concerns, the School District will likely disqualify any technology solution that is dependent upon the web-based Adobe Flash framework.

If the service delivery model is provided as a hosted, outsourced or cloud-based platform or service, the District is entirely agnostic to the server, software and back-end platforms being utilized by the vendor. However, if the solution requires that the District host or maintain any aspect of the proposed solution, the following system, application and database platforms are generally supported by the District:

- Oracle Database
- MySQL Database
- Java Programming Logic
- JSP Pages (Presentation Layer)
- Apache/Tomcat Application Server
- Unix/Linux-based Operating Systems

#### 4.3. Google Workspace for Education (formerly, “G-Suite for Education”)

The District has implemented a G-Suite domain tenancy and provisions user accounts for most (but not all) of its associated users. Vendors may propose products or solutions that will interface with the District’s Google Workspace environment. Such proposals must comply with the District’s policies regarding data privacy and the use of online resources. The District chooses to enable and configure the use of Google’s services in accordance with state and federal laws, its internal policies, and the contract negotiated with Google, an excerpt of which is available for review at <http://www.philasd.org/privacy>. The District’s Google Workspace domain organizes staff members by account status, and students by school and grade level. The Google Workspace domain cannot differentiate users by classroom or section at a school. For any proposed solution, further discussions will be needed to determine if Google integration is feasible and appropriate.

#### 4.4. Application Portal Integration, Identity Federation and Single Sign-On (SSO)

All third-party applications are generally required to integrate with the School District’s web-based Employee, Student and/or Family Portal(s) as appropriate.

The District has implemented an open-source Identity and Access Management platform, Central Authentication Service (CAS), which permits authenticated users to gain access to applications developed or hosted by third-party service providers. The District’s solution is built upon the open standard Security Assertion Markup Language (SAML 2.0). The District’s system will serve as the Identity Provider (or, “IdP”) to a vendor, who will act as the Service Provider (or “SP”).

The District prefers Service Provider-initiated Federation, where the SP generates an Authentication Request that is sent to the IdP, and the IdP responds with a SAML Response. If a vendor is unable to support SP-initiated SSO, then IdP-initiated SSO can be initiated by the client, sending an unsolicited SAML Response to the SP. The District requires that all SAML assertions be digitally signed by certificate, but not encrypted. Vendors must provide static Service Provider (“SP”) metadata in XML format for each SAML Service included in their proposal, including entityID, endpoint URL, and signing certificate. SAML Signing certificates may be self-signed or self-generated, but the web transport (https) of all SAML assertions must be encrypted with Transport

Layer Security (TLS) version 1.2 or higher using a commercially signed certificate, as defined above in Section 3.3 ("Data Interchange").

The District will provide limited attribute release through SAML to authenticate its users and to provide basic demographic and role information. Application Security and Authorization will largely be processed through separate user data imports. Attribute release mappings are customizable to some extent. A typical attribute release scheme includes a Globally Unique Identifier: a static employee or student ID number released with a customer-specific prefix (for example, "philasd12345"), which is designed to never change for the life of that digital identity.

Vendors should provide documentation regarding the level of compliance with Single Sign-On protocols for any and all web browser-based applications proposed in the solution, or additionally/alternatively, whether the proposed solution is capable of authenticating directly to the District's enterprise directory service (i.e. LDAP) in some manner. Vendors should provide additional information, use cases, and/or references for successful implementations of open-source Identity Federation with other customers (if applicable).

#### **4.5. Web Services and Application Programming Interfaces (APIs)**

While the School District is limited in the current use and deployment of Web Services, third-party applications may be required in the future to provide Web Services methods to extract or insert data from a third-party application using standardized SOAP XML envelopes or REST transfers (for example). The Web Services Definition Language (WSDL) must comply with W3C standards.

#### **4.6. E-mail & Calendaring Services**

The School District provides e-mail, scheduling and collaboration services to all employees and students using either the Enterprise Edition of Zimbra Collaboration Suite v8.8, or Google Workspace (formerly, "G-Suite for Education"). Solutions that wish to enable the exchange of messages or event scheduling with District staff, must be capable of supporting open-source protocols and file formats such as SMTP and iCal.

#### **4.7. Electronic Document Management**

The School District utilizes an electronic document management system to store and retrieve personnel and financial documents. The District uses EMC Documentum ApplicationXtender 7.0 to index scanned versions of documents including (but not limited to): invoices, purchase orders, purchase vouchers, journal vouchers, grant certifications and documentation, payroll documentation, employee health and disciplinary correspondence.

The District may request that vendors include solutions for providing electronic forms of pertinent documentation, if such documentation is needed for inclusion in the electronic document management system. Vendors would be required to provide pertinent documents in an electronic format such as True Image File Format (TIFF) or Portable Document Format (PDF) along with indexing information for import by the District.

#### **4.8. Employee Smart Cards**

All District employees are issued employee smart card ID badges. The District's employee smart card standard is HID's iCLASS architecture. Employee contactless smart cards are used as a means of identification, access control and integration with the District's enterprise security and surveillance system.

The technical specifications for employee smart cards are as follows:

- HID Part #2002PG1MN
- Operating Frequency: 13.56 MHz
- 16K Bits (2K Bytes) with 16 Application Areas
- 35-bit Preprogrammed iCLASS Credential, Format H51558
- Plain White PVC with Gloss Finish (Front Packaging)

- Plain White PVC with Gloss Finish with Magnetic Stripe (Back Packaging)
- Sequential Matching Internal/External (Inkjetted) Card Numbering

#### **4.9. Student Smart Cards**

The District's student smart card standard is MIFARE. This technology is currently utilized in the District's high schools and middle schools for identification, entrance, egress and attendance tracking. Because the systemic use of student smart cards will be phased in over time, any vendor solution requiring student authentication might have to accommodate both PIN-code device entry as well as smart card use. There are currently three ways for vendor solutions to utilize student smart cards for authentication: (1) unique serial number pre-coded on every card; (2) unique student identification number programmed on data storage portion of card; or (3) use of very minimal application-specific space available on data portion of card (requires pre-approval by District IT management).

The current technical specifications for student smart cards are as follows:

MIFARE ISO/IEC 14443A with the following:

- Contactless Transmission: Up to 7 cm
- Operating Frequency: 13.56 MHz
- Fast Data Transfer: 106 Kbps
- 8K Bits (1K Bytes) organized in 16 sectors with 4 blocks of 16-bytes each with user definable access for each block
- Data Integrity: 16-bit CRC, parity, bit coding and counting
- Data Retention Period: 10 years minimum
- Write-Endurance: 100,000 cycles minimum
- ISO/IEF DIS9798-2 Three-Pass Authentication
- True Anti-Collision
- Replay attack protection through data encryption on RF-channel
- Two keys per sector per application for multi-application with key hierarchy
- Unique serial number for each device and transportable EEPROM keys

## **5. Support and Service Level Agreements**

### **5.1. Deployment, Administration, Configuration and Maintenance Requirements**

- Vendors should specify the personnel resources, skills and knowledge required to customize, deploy, implement and maintain the proposed solution.
- The District will expect regular and timely reports to support compliance with all service level agreements.
- The District will expect comprehensive usage statistics to be collected and shared that demonstrate the ongoing usage level of the proposed solution.
- Vendors should articulate the plan for providing support to end-users, the modalities of support that will be provided (e.g. telephone, e-mail, web-based portal, facsimile) and the proposed support service levels.
- Vendors should provide a standard technical support plan, articulating how the District reports and track issues.

### **5.2. Systems Redundancy / Data Archival / Disaster Recovery**

Vendors should include a plan for systems redundancy, data archival/backup, and disaster recovery services in order to permit business continuity and to ensure the safety and integrity of the District's data. These considerations will be defined in more detail in the service level agreements during contract negotiations.

### **5.3. Data Controls / Audits**

With reasonable notice, a vendor shall cooperate with the School District of Philadelphia, or any duly authorized local, state, or federal agency, to enable the successful conduct of an audit. The vendor shall, in a timely manner, provide technical and security related information necessary for such lawful

and/or legally mandated audits. With respect to the collection, storage, use and processing of enterprise data and information, the District adheres to SSAE-16 reporting requirements as well as any applicable state and federal mandates. The responding vendor will be required, without exception, to conduct and provide, on an annual basis, an independent SSAE-16 SOC1, SOC2 and/or SOC3 report, as applicable.

#### **5.4. Availability / Service Level Credits**

Vendor's solution will be required to provide the highest degree of availability and responsiveness under nominal as well as "high load" usage conditions. Any contractual agreement resulting from award of this solicitation, shall include a mutually negotiated comprehensive service level agreement to include Vendor service level credits or reimbursement for performance failures including, but not limited to, unscheduled system downtime, loss of connectivity, unacceptable end-user response, loss of District data, excessive response or mean-time-to-repair (MTTR) times, and/or failure to provide acceptable annual SSAE-16 reports.

#### **5.5. Training and Documentation**

Vendors should detail the training materials (and specify medium – DVD, web-based, paper-based, etc.) that exist for the proposed solution, as well as the training services (i.e. number of persons, locations, number of days) that vendor is prepared to provide. The District strongly prefers that vendors propose multiple options for training models (i.e. computer-based instruction, instructor-led, "train-the-trainer").

**Vendors** should identify any/all documentation that exists for end users, administrators and developers, as applicable.

### **6. Miscellaneous**

#### **6.1. Security**

Vendors should provide a detailed overview of the proposed solution or application's use of security in relation to server/infrastructure hardware, user logins, authentication methodology, etc.

Remote support tools that require inbound firewall exceptions (e.g. Teamviewer, LogMeIn, etc) will not be permitted. All remote support must be delivered via a collaboration tool where a District staff member must initiate the session and said staff member can grant/revoke support staff any remote control privileges (e.g. Zoom, Google Meet, WebEx, etc).

#### **6.2. Technical Environment Requirements**

- Scalability – Vendor should include information regarding the anticipated performance and load, including maximum session concurrency, of the proposed solution that meets or exceeds the anticipated demands within the District. Vendors should also include information on additional resources (hardware, software and network) that would be required for increased usage.
- Constraints – Vendor should specify any pre-existing hardware or software that the proposed solution must directly interface with, inclusive of specific operating systems, databases, middleware, or web servers.
- General – In the scenario of an SDP-supported implementation, Vendor should document any dependencies on 3<sup>rd</sup>-party products or plug-ins required in the installation of the proposed solution, as well as any specific technical requirements relevant to the installation or operation of the solution.

#### **6.3. Implementation, Deployment and Transition Requirements**

- Transition Plan – Vendor should describe plans for transitioning current data, user accounts, etc., into the proposed solution (if applicable).

- Implementation – Vendor should describe technical plans for the installation, testing and infrastructure configuration required to prepare the solution for production use.
- Scheduling – Vendor should provide an estimated time-line for installation and implementation of the proposed solution.
